# InnuScience™

## Biotechnology – Cleaning Products

*"Full of Life"*

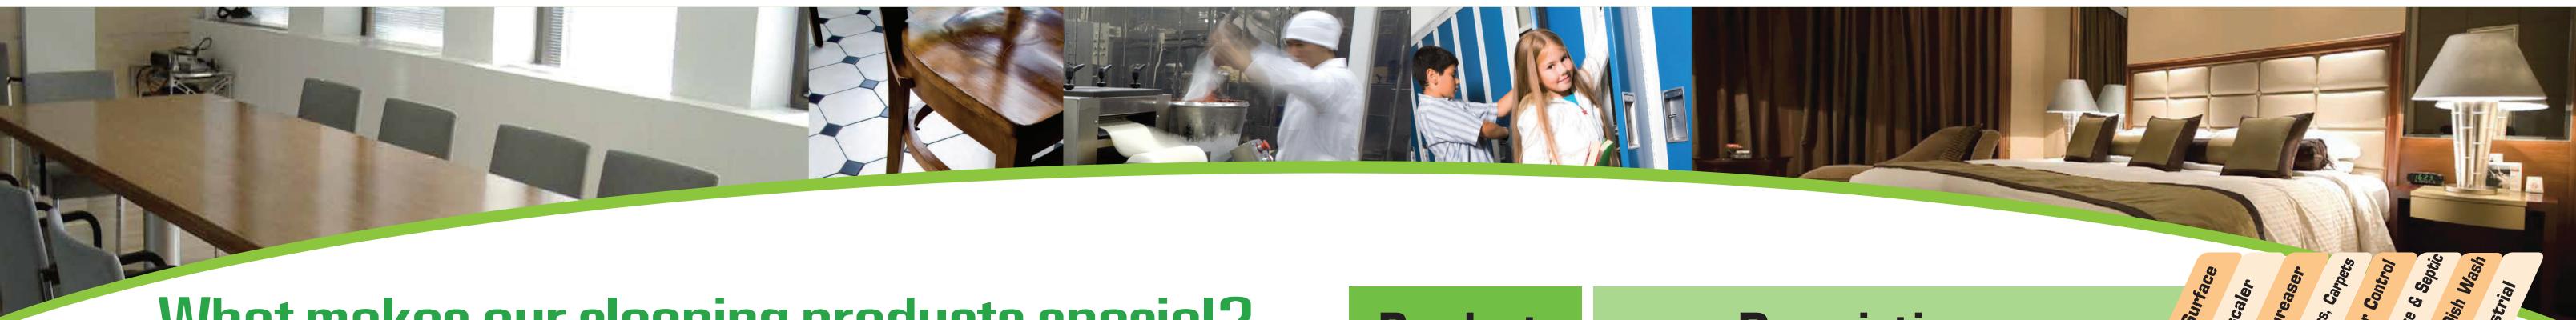

Everyone would **LIKE** to use safer, **GREEN** cleaning products in their homes and businesses. It just makes sense for our **CHILDREN**, our families, our communities and our **PLANET**. But before InnuScience biotechnology, finding a good, low cost, "green" cleaner has been difficult.

InnuScience solves the problem. With our biotechnology cleaners, you can have **SAFETY**, high **PERFORMANCE** and be **KIND** to the environment! And it's **LOW** in cost!

We all have a responsibility to **TREAT** our planet with care and **RESPECT**. We all need to take **CARE** of our communities and not pollute our surroundings. When you switch to InnuScience biotechnology cleaning products, you can **FEEL GOOD** about helping the environment while knowing your home and business are **FREE** from dangerous cleaning chemicals.

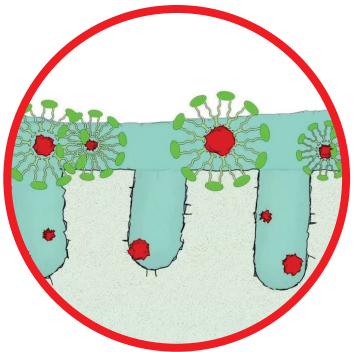

# What makes our cleaning products special?

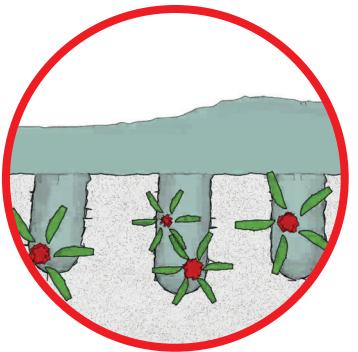

-using natural micro-organisms, they work like nature does

1. Biodegradable Soap

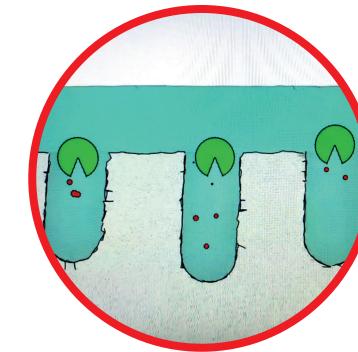

• Instantly lifts dirt from surfaces

2. Enzymes

• Break down oil and grime

3. Natural Micro-organisms

• Digests dissolved dirt and eliminates odors

- With InnuScience biotechnology products, normal cleaning is enhanced by the action of beneficial micro-organism.
- Traditional chemical cleaners use extreme pH and have dangerous health and environmental side effects; With InnuScience biotechnology you get safety and positive benefits instead.

**For a Healthy Work Place**

- No toxic fumes
- Non-corrosive and non-flammable
- No danger from long term exposure
- Non-irritating to skin
- No carcinogenic ingredients
- Safe for all surfaces and carpets
- Biodegrades quickly and easily
- Contains beneficial microbes
- Low aquatic toxicity
- Ozone - friendly
- No VOC's (volatile organics)
- Reduced plastics and cardboard

**For a Healthy Environment**
